

Exmouth Art Group

Children's Free Upcycle Workshops

Think everyone has heard the warning that we are fast running out of landfill space and we really must recycle more of our waste. And what better way to help reduce our footprint than to be a 21st century Upcycler and contribute to making something creative out of recycled plastic?

During Festival Week, Helen Plant of PlantsCreative is running

Children's Art Making Workshops

on three consecutive days getting creative with coloured packaging.

You know the kind of thing - plastic packaging on frozen peas, ice cream, cereals, pasta

So come along and join in with the fun that can be had making art with plastic packaging and help create a vibrant Exmouth seascape.

You will find us at the Big Top on the Imperial Grounds on the following days:

- Tuesday 29th May 10am – 4pm
- Wednesday 30th May 10am – 4pm
- Thursday 31st May 10am – 4pm

Workshops are **free** and open to children of all ages and the finished frieze will have a special showing at the Exmouth Art Group Festival Exhibition from Friday 1st June to Sunday 3rd June 10am – 4pm.

And the young artists can also try their hand at some basic printmaking.

Sure to be a colourful few days we think!
